Subject: Re: Response to Cabot's Dimock allegation

Don,

Attached is EPA's response to a letter dated Jan. 26, 2012 from Cabot's CEO and Chairman Dan Dinges regarding the basis of EPA's involvement in the study of water quality in Dimock. Our response addresses concerns raised by Cabot in that letter. We are reviewing the company's latest statements and will respond accordingly. -- Terri

Subject: Response to Cabot's Dimock allegation

Terri -

I'm looking for a response from the EPA to Cabot's press release this afternoon on water deliveries to Dimock, specifically the allegation that two of the test results that form the justification for the decision to supply water actually come from the Montrose public water supply.

Thanks,
D.
